

## ANGLEBOARDS

Our product lines that have the latest technology & high speed, are capable to produce angleboards at different wing widths ranging from 30x30mm to 125x125mm and thickness up to 10mm at requested lengths.

A mm	B mm	C mm	D mm
Length 50-7000	30	30	2-10
	30	50	
	35	35	
	40	40	
	45	45	
	50	50	
	50	70	
	60	60	
	80	80	
	100	100	
125	125		

Length (A) : ±5mm  
 Wings (B-C) : ±3mm  
 Thickness (D) : ±0.3mm  
 Angle between wings :  
 If thickness = 3.5mm & LESS : 100° ±5  
 If thickness = MORE THAN 3.5mm : 90° ±5

### ADVANTAGES

- Humidproof
- 100% recyclable, environmentally friendly
- Economic
- Light material
- Robust high resistance
- Practical application
- Dimensions upon request, no shrinkage
- Utilisation in different ways (multiusage available)
- After application your products are still visible, no barriers for the vision
- Company logo can be printed (up to 4 colours)

### DIMENSIONS

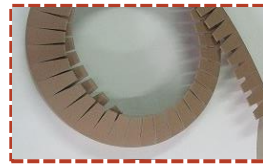

### CHARACTERISTICS AND VARIANTS

• Standard

• Puzzle-type

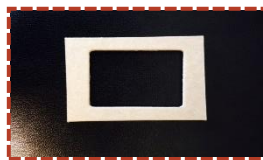

• Wrap around

• Heavy-Duty (\*)

• C Profile

• Seal Pads

• Perforated

• Roll Protector

(\*) only as 125x125 10mm
